Dear Mr. Simmons:

On behalf of the Credit Union National Association, I would like to take the great honor and pleasure to express our sincere congratulations on the 50th anniversary of the Service Credit Union.

Credit Unions are about serving people, and certainly SCU has done so with excellence during these 50 years becoming one of the leading providers of financial services for military personnel not only in New Hampshire, but also in central Europe.

Once again, congratulations and Best wishes for a wonderful celebration.

Sincerely,

Daniel A. Mica
