Dear Gordon,

I am pleased to join you in celebrating Service Credit Union's five decades in business providing excellent customer service.

Your dedication to your members, particularly the brave men and women from New Hampshire serving in the military, is commendable. Beginning with the first office on Pease Air Force Base, Service Credit Union has provided for the welfare of its members. It continues to do so, even as it has expanded across New Hampshire and internationally.

My personal congratulations on this anniversary milestone, and best wishes for continued success in your next fifty years.

Sincerely,
